

Quarterly Snapshot Guidelines

Each quarter, we ask that agencies submit a “quarterly snapshot.” **This is NOT a data report**, and you do not need to submit any RBA data. The purpose of the quarterly snapshot is two-fold: 1) it will provide us information that can help with identifying future coffee chat topics and TA needs, and 2) since all snapshots will be shared with all the grantees from this FOA, it is an opportunity to see what others are doing, build connections based on common program efforts and challenges, and learn from each other.

This should be a low-effort, low-stress activity taking 20 minutes or less. You will be asked to provide short answers to **no more than 3 questions**, which you will choose from the list below. When the due date is approaching, Facente Consulting will provide you with a link to a form to enter your snapshot.
